

EXCAVATION OF THE MEDIEVAL WATERFRONT AT KING STABLE STREET, ETON, BERKS, 1997

By Paul Blinkhorn and Greg Pugh

with contributions by

*Kate Atherton, Greg Campbell, Bethan Charles, Nick Mitchell,
Quita Mold, Ruth Pelling, Mark Robinson and Kayt Brown*

Oxford Archaeological Unit
Occasional Paper No 7
August 2000

Excavations at Eton King Stable Street

This book is number seven in a series of Occasional Papers published by the Oxford Archaeological Unit. The series aims to provide a means for the rapid publication and dissemination of short reports for which there is no established provision elsewhere.

CONTENTS

PROJECT BACKGROUND	3
ARCHAEOLOGICAL SUMMARY	4
INTERPRETATION AND DISCUSSION	16
ARTEFACTUAL EVIDENCE	19
POTTERY by Paul Blinkhorn	19
LEATHER by Quita Mold	24
GLASS by Cecily Cropper	24
METALWORK by Kate Atherton	24
METALWORKING DEBRIS by Kayt Brown	28
WORKED BONE, ANTLER, AND IVORY by Kate Atherton	28
CERAMIC BUILDING MATERIAL by Nick Mitchell	28
WOODEN WATERFRONT STRUCTURES by Nick Mitchell	29
ECOFACTUAL EVIDENCE	30
ANIMAL BONE by Bethan Charles	30
CHARRED AND WATERLOGGED PLANT REMAINS by Ruth Pelling	32
MOLLUSCA by Mark Robinson	33
MARINE MOLLUSCA by Greg Campbell	34
ACKNOWLEDGEMENTS	34
THE ARCHIVE	34
BIBLIOGRAPHY	35
APPENDIX 1: TABLES	37

Excavations at Eton King Stable Street

List of Figures

Figure 1	Site location	2
Figure 2	Location of trenches/sondages	4
Figure 3	Phase plan of boundary ditch and river bank revetments	5
Figure 4	Detailed plans of river bank revetments 11th -14th centuries	6-7
Figure 5	Section through timber revetments, river bank, and later activity including tanning pit 388.	8-9
Figure 6	Boundary ditch - northern sondage: plan and section	11
Figure 7	Boundary ditch - central sondage: section	12
Figure 8	Boundary ditch - southern sondage: plan and section	13
Figure 9	Tanning pits : Plans of 388 and 128 and plan and section of 667.	14
Figure 10	Late medieval pit 370 - plan and section	15
Figure 11	Post-medieval archaeological features, in relation to footprint of 18th century malthouse and mid-19th century plot boundaries.	16
Figure 12	Survey map of the area in 1777, reproduced from Eton Archives Coll/EG2/14. Map No 9	18
Figure 13	The medieval pottery	22
Figure 14	The medieval pottery	23
Figure 15	The turnshoe sole	24
Figure 16	The metal objects - buckle, pin and purse frame	26
Figure 17	The metal objects - iron knives	27
Figure 18	The bone objects - comb and needle	28

List of Plates

Plate 1	General view of the site looking south across the Thames to the Castle	1
Plate 2	Phase 2 platform timbers with overlying Chalk bank - looking north	10

List of Tables

Pottery

Table 1	Occurrence of glazed and unglazed Fabric 2 by number and weight of sherds (in g) and MNV per ceramic phase	37
Table 2	Pottery occurrence by number and weight of sherds and MNV per fabric type per site phase	37
Table 3	Fabric types as a percentage of each site phase by MNV	38
Table 4	Mean sherd weight (in g) per phase by fabric type, major medieval fabrics only	38
Table 5	Vessel use per medieval site phase, expressed as a percentage of the total vessels per phase (by rimsherds)	38

Building Material

Table 6	Quantification of ceramic building material by type and fabric, shown as fragment count and weight (in g)	38
---------	---	----

Animal Bone

Table 7	Butchery, burning, post excavational and carnivore gnaw damage.	39
Table 8	Total number of hand retrieved bones per species per phase.	39
Table 9	Total number of sieved bones per species per phase.	39
Table 10	Epiphyseal fusion in cattle bones.	39
Table 11	Epiphyseal fusion in sheep bones.	40
Table 12	Age grouping of sheep mandibles.	40
Table 13	Biometrical variation in sheep metacarpals.	40
Table 14	Dog bone measurements.	40

Ecofactual data

Table 15	Charred remains	41
Table 16	Waterlogged Remains	42-43
Table 17	Mollusca	43
